

A digital learning resource from:

The Fragile X Society
helping fragile X families

The essential resource
for all those working
in the field of learning
disabilities.

Fragile X for Professionals

This new interactive course, supported with real life examples, will teach you about the most common inherited cause of learning disabilities, Fragile X Syndrome. This course will give you the tools to identify its key characteristics and how to provide practical support to people living with the syndrome.

For further information or to purchase a licence contact Sandra Thoms, Family Support Worker:

E: sandra@fragilex.org.uk M: 07825050072

Course designed by the Fragile X Society in conjunction with Cornerstone and with support from the Scottish Government Autism Development Fund.
